MEMORANDUM FOR: The Director of Central Intelligence
FROM : Assistant Presidential Briefing Coordinator
SUBJECT : Recommendation [redacted]
14 March Presidential Briefing [redacted]

I have discussed the [redacted] briefing with Ted Shackley. He has recommended that you give the President an overview of the types of things we're considering. The NFIB task force report still scheduled for 21 March will not be elaborating much more, but will be trying to reduce the matrix of alternatives to the more desirable options. [redacted]
